### BULK OILS

Warm up bulk oils while driving between deliveries. Eliminate failure of pumps or PTO's and speed up dispensing times.

### TRAILERS

Quick couplers on Tractor enable hook up of in-transit heating. Probes can be installed on any Dot 406 Spec. Outfit trailer with a stand-a-lone supplementary, 12VDC, heat source.

### BIO-DIESEL

Load Biodiesel warm and maintain consistent temperature. Heat up Petro - diesel prior to splash-blending and avoid temperature shock. No more clouding or separating.

### LUBE / FUEL SERVICE

Pump all fuel and lube oils anytime, 24 hrs / 7 days a week warm! No more down time due to sluggish pumps or PTO's.

### WATER

No more 100 BBL Ice Cubes delivered to the job site. Maximize the amount of water you can haul without freezing.

### IBC's

The "World's Safest Tank Heater" for heating chemicals and bulk oils. Plumb up with quick couplers and ensure portable heating for storage and transit. Heat with water, glycol or steam.
